
❖ Environmental Policy

FireSense Pty Ltd is a leading supplier of Electronic Fire Detection Systems and Cable Products.

FireSense is committed to reducing the impact of its operations on the environment. We acknowledge that we can minimise the negative impact on the environment in many small ways as well as be a role model for responsible and sustainable environmental behaviour of our staff and suppliers.

The key principles and actions underpinning our policy are:

- Take environmental issues seriously at a Senior Management Level
- Develop and support small-scale environmental improvement plans at branches
- Consulting with employees and suppliers to ensure that environmental impacts on branches are understood and addressed effectively

FireSense maintains and continuously improves a Management System that complies with the requirements of ISO 14001:2015 and all environmental legislation which are relevant to FireSense.

FireSense is committed to best practice PVC cable manufacturing. FireSense cables are Best Environmental Practice (BEP) certified and FireSense is a member of the Vinyl Council Of Australia with a commitment to the PVC stewardship program.

FireSense environmental objectives are to:

- Minimise environmental impact to land, water, air, flora and fauna
- Prevention of pollution, protect the environment, preserve natural resources and conserve all heritages

To achieve these objectives, FireSense will act to:

- Ensure high levels of management and staff involvement in achieving stated objectives
- Continuously engage all stakeholders in meaningful consultation and communication
- Use suppliers, wherever possible, who have similar environmental objectives as ourselves and give preference to environmentally friendly products and equipment
- Always weigh the environmental benefits of a product equally with its price and safety benefits
- Measure performance and use this information for the continual improvement of our services and Management System

FireSense's environmental policy is applicable to our directors and employees. It expresses our ongoing commitment to understand, abide by and regularly review these key principles and actions.

David Callus
Executive Director
